About Us

Are you based in or around Nottinghamshire or Derbyshire and considering a career in teaching?

We are a proud partner of Inspiring Leaders Teacher Training, offering a school-centred training route into teaching. This hands-on route provides a blend of school experience, alongside an innovative and inspiring taught programme which leads to the qualifications of QTS. We also work in partnership with Nottingham Trent University, to deliver the academic aspect of the course, enabling trainees to also graduate with a PGCE.

We are made up of more than 50 vibrant and successful schools across Derbyshire and Nottinghamshire. Each school with their own unique identity, but each holding true to our core values and mission to make 'every day count' for our children and staff. To achieve this we need to recruit, support and invest in teachers with the passion and determination to provide outstanding opportunities and experiences for our children.

Our schools work together to always be at the forefront of best practice in education. The SCITT route forms the first step in a career in that community and is an exciting opportunity to learn from our specialists.
